| February 8, 2016 | CPT Code 99203 New Patient Office Visit | \$163.81 | \$0.00 |
| | CPT Code 95886 (X2) Needle EMG | \$0.00 | \$0.00 |
| | CPT Code 95909 Nerve Conduction Studies | \$0.00 | \$0.00 |
| | HCPCS Code A4556 Electrodes | \$16.90 | \$0.00 |
| TOTAL | | \$180.41 | \$0.00 |

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.203, effective March 1, 2008, sets the reimbursement guidelines for the disputed service.
3. The services in dispute were reduced / denied by the respondent with the following reason code:
 - B291-This is a bundled or non covered procedure based on Medicare guidelines; no separate payment allowed.
 - X212-This procedure is included in another procedure performed on this date.
 - W3-Additional payment made on appeal/reconsideration.
 - 193-Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly.

Issues

1. Does the documentation support billing CPT code 99203 with 95886 and 95909?
2. Is the benefit for HCPCS code A4556 included in the benefit of another service billed on the disputed date? Is the requestor entitled to reimbursement for HCPCS code A4556?

Findings

1. Per 28 Texas Administrative Code §134.203(a)(5), "Medicare payment policies" when used in this section, shall mean reimbursement methodologies, models, and values or weights including its coding, billing, and reporting payment policies as set forth in the Centers for Medicare and Medicaid Services (CMS) payment policies specific to Medicare."

CPT code 99203 is defined as "Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A detailed history; A detailed examination; Medical decision making of low complexity. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate severity. Typically, 30 minutes are spent face-to-face with the patient and/or family."

A review of the submitted medical report does not support the documentation requirement which require the 3 key components for code 99203.

In addition, on the disputed date of service, the requestor billed for CPT code 99203, 95909, 95886 and A4556.

Per 28 Texas Administrative Code §134.203(a)(5), the Division referred to Medicare's coding and billing policies. Per Medicare fee schedule, CPT code 95886 has a global surgery period of "ZZZ" and code 95909 has "XXX."

The National Correct Coding Initiative Policy Manual, effective January 1, 2016, Chapter I, General Correct Coding Policies, section D, states:

All procedures on the Medicare Physician Fee Schedule are assigned a Global period of 000, 010, 090, XXX, YYY, ZZZ, or MMM. The global concept does not apply to XXX procedures. The global period for YYY procedures is defined by the Carrier (A/B MAC processing practitioner service claims). All procedures with a global period of ZZZ are related to another procedure, and the applicable global period for the ZZZ code is determined by the related procedure... Procedures with a global surgery indicator of "XXX" are not covered by these rules. Many of these "XXX" procedures are performed by physicians and have inherent pre-procedure, intra-procedure, and

post-procedure work usually performed each time the procedure is completed. This work should never be reported as a separate E&M code. Other “XXX” procedures are not usually performed by a physician and have no physician work relative value units associated with them. A physician should never report a separate E&M code with these procedures for the supervision of others performing the procedure or for the interpretation of the procedure. With most “XXX” procedures, the physician may, however, perform a significant and separately identifiable E&M service on the same date of service which may be reported by appending modifier 25 to the E&M code. This E&M service may be related to the same diagnosis necessitating performance of the “XXX” procedure but cannot include any work inherent in the “XXX” procedure, supervision of others performing the “XXX” procedure, or time for interpreting the result of the “XXX” procedure. Appending modifier 25 to a significant, separately identifiable E&M service when performed on the same date of service as an “XXX” procedure is correct coding.

The Division finds that the requestor did not identify a significant and separate E&M service to support billing CPT code 99203 in conjunction with CPT codes 95886 and 95909. In addition, the requestor did not append modifier 25 to CPT code 99203 per the correct coding guidelines. Therefore, the Division finds that the requestor’s documentation did not support billing CPT code 99203. As a result, reimbursement is not recommended.

2. HCPCS code A4556 is defined as “Electrodes (e.g., apnea monitor), per pair.”

The respondent denied reimbursement for HCPCS code A4556 based upon reason code “B291.” Per Medicare guidelines, [Transmittal B-03-020](#), effective February 28, 2003 if Durable Medical Equipment Prosthetics Orthotics and Supplies (DMEPOS) HCPCS codes are incidental to the physician service, it is not separately payable. A review of the submitted documentation does not support a separate service to support billing HCPCS code A4556. As a result, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
